

To Premier Radiology Patients,

Premier Radiology is aware of the concerns surrounding COVID-19 (coronavirus), and we are taking all necessary precautions to ensure the health and safety of our community, patients and staff. During this time, we remain committed to providing high-quality care, while balancing our role in preventing the spread of disease and illness. In the interest of patient and staff health and to minimize the risk of unnecessary exposure, we are consolidating care to select locations until further notice. To accomplish this, we are temporarily suspending services at the following locations:

Locations Temporarily Suspending Services:

- Antioch
- Bellevue
- Charlotte
- Cool Springs
- Lenox Village
- Mt. Juliet
- New Salem
- Upright MRI

In addition, we are temporarily suspending screening mammograms at all locations until further notice. The following locations will remain **open** at this time: Belle Meade, Brentwood, Briarville, Clarksville, Gallatin, Hendersonville, Hermitage, Murfreesboro (Saint Thomas Rutherford), Saint Thomas Midtown, Saint Thomas West and Smyrna. Again, our priority is and has always been caring for our patients, and we will continue to make decisions that prioritize the health and safety of our patients, staff and community.

For our patients, we recommend following the Centers for Disease Control's (CDC) guidelines and hygiene practices. To find out more about COVID-19 and review recommended guidelines, please visit the CDC website.

Sincerely,
Premier Radiology
